What issues are most important to you?

What special skills or background can you contribute to BSN's success? _____

Suggested membership dues (annual):

- \$5 student, retired, un- or underemployed
- \$10 all others

The Bernie Sanders Network of the Capital Region of New York

We are volunteer-activists who first came together while volunteering for Bernie Sanders's historic presidential campaign.

To carry forward Bernie's message in principle and practice, the Bernie Sanders Network works to move the agenda of local, state, and federal politics in a progressive direction through:

- ✓ activating and strengthening community engagement and support for progressive agendas at every level of government
- ✓ placing true progressives in every possible political position to ensure we have, across the board, government officials advocating for the people, not corporations
- ✓ forging strong and mutually supportive alliances with a broad spectrum of progressive-minded organizations to create a network that has local, regional, state, federal, and even global reach

Because when we stand together, there is nothing we can't do.
